

Intelligent LED Driver (Constant Voltage)

- The housing is made from V0 flame retardant PC materials from SAMSUNG/COVESTRO.
- Clamshell twist screw integrated wire structure, wide opening Angle, an auxiliary buckle on the closure
- The maximum brightness value, power transition time and other parameters can be changed through the mobile APP to achieve the driver data interaction function.
- With soft-on and fade-in dimming function, enhancing your visual comfort.
- Innovative thermal management technology intelligently protects the life of the LED driver.
- Overheat, over voltage, overload, short circuit protection and automatic recovery.
- Suitable for ClassI/II/III indoor light fixtures.
- Suitable for indoor LED strip lights and magnetic track lights.
- 5-year warranty (Rubycon capacitor).

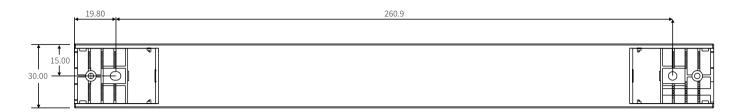

Technical Specs

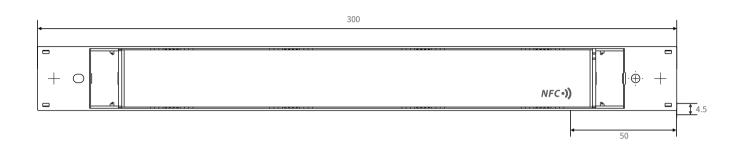

Model		SN-30-	24-G1NF				
Model	Output Type	SN-30-24-G1NF Constant voltage					
	Output Feature	Isolatio					
Features	Protection Grade	IP20	1				
	Insulation Grade		(Suitable for class 1/11	/III light fivtures			
	Output Voltage	Class (Suitable for class / / light fixtures) 24Vdc					
OUTPUT	Output Voltage Range		0 5Vdc				
	Output Current	24Vdc±0.5Vdc					
	Output Power	Max. 1.25A Max. 30W					
	Output power range	0-30W					
	Ripple and Noise	250mVp-p					
	PWM frequency	NFC set up 300-22000Hz					
INPUT	DC Voltage Range	220-240Vdc					
	Input Voltage	220-240Vac					
	Frequency	50/60Hz					
	Input Current	Max. 0.18A/230Vac					
	Power Factor						
	THD	PF>0.95(atfullload) THD<10%(atfullload)					
	Maximum Input Power	Max. 38W					
	Efficiency (Typ.)	85%					
	Inrush Current						
	Anti Surge	Cold start 30A(Test twidth=162us tested under 50% Ipeak)/230Vac L-N: 2KV					
	Leakage Current	Max. 0.5mA					
	Working Temperature	ta: -20-45°Ctc: 80°C					
	Working Humidity		20~95%RH,non-condensing				
ENVIRONMENT	Storage Temperature/Humidity		-40-80°C/10~95%RH				
LINVIKONWILINI	Temperature Coefficient	±0.03%/°C(0-50°C)					
	Vibration	10~500Hz, 2G 12min/1cycle, 72 min for X, Y and Z axes respectively					
	Overload Protection		Shut down the output when rated power \$102%, auto recovers				
PROTECTION	Overheat Protection	Intelligently adjust or turn off the output current if the PCB temperature >110°C, and recover automatically					
	Overvoltage Protection	Shut down the output when voltage>28V, and recover automatically					
	Short Circuit Protection	Enter hiccup mode if short circuit occurs, and recover automatically					
	Withstand Voltage		1/P-0/P: 3750Vac				
	Insulation Resistance		I/P-0/P: 100MΩ/500VDC/25°C/70%RH

Wiring Diagram

Protective Housing Application Diagram

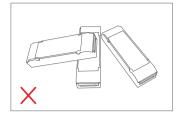

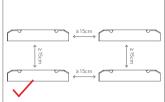

1. Put the head of the screwdriver at the cable entry to pry up the protective cover, then connect the wires as the wiring diagram shown.

 $2. \ After \ closing \ the \ protective \ cover, \ tighten \ the \ protective \ cover \ with \ the \ PA \ screws.$

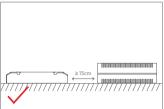

Installation Precautions

Please do not stack the products. The distance between two products should be \geqslant 15cm so as not to affect heat dissipation and the lifespan of the products.

Please not place the products on LED drivers. The distance between the product and the driver should be $>15 \,\mathrm{cm}$ so as not to affect heat dissipation and shorten the lifespan of the products.

Note: The temperature within the installation area should be within the working temperature range of the products. Please do not install products inside LED fixtures to avoid temperature exceeding the working temperature that may affect the product lifetime.

Use the NFC Lighting APP

Scan the QR code below with your mobile phone and follow the prompts to complete the APP installation (According to performance requirements, you need to use a NFC-capable Android phone, or an iphone 8 and later that are compatible with iOS 13 or higher).

 $oldsymbol{*}$ Before you begin setting the parameters of the driver, please make sure the driver is powered off.

Read/Write the LED driver

Use your NFC-capable phone to read LED driver data, then edit the parameters and they can be directly written to the driver.

1. Read the LED driver

On the APP home page, click 【Read/Write LED driver】, then keep the programmer's sensing area close to the NFC logo of the driver to read the driver parameters.

2. Edit the parameters

Click 【Parameter Management】 to edit the maximum brightness value, power transition time, PWM frequency and other parameters.

3. Write to the driver

After completing the parameter settings, click [Write] in the upper right corner, and keep the programmer's sensing area close to the NFC logo of the driver, so the parameters can be written to the driver.

Transportation and Storage

1. Transportation

Products can be shipped via vehicles, boats and planes.

During transportation, products should be protected from rain and sun. Please avoid severe shock and vibration during the loading and unloading process.

2. Storage

The storage conditions should comply with the Class I Environmental Standards. The products that have been stored for more than six months are recommended to be re-inspected and can be used only after they have been qualified.

Attentions

- This product must be installed and adjusted by a qualified professional.
- LTECH products are and not lightning proof non-water proof (special models excepted). Please avoid the sun and rain. When installed outdoors, please ensure they are mounted in a water proof enclosure or in an area equipped with lightning protection devices.
- · Good heat dissipation will extend the life the product. Please install the product in a environment with good ventilation.
- When you install this product, please avoid being near a large area of metal objects or stacking them to prevent signal interference.
- · Please keep the product away from a intense magnetic field, a high pressure area or a place where lightning is easy to occur.
- Please check whether the working voltage used complies with the parameter requirements of the product.
- Before you power on the product, please make sure all the wiring is correct in case of incorrect connection that may cause a short circuit and damage the components, or trigger a accident.
- If a fault occurs, please do not attempt to fix the product by yourself. If you have any question, please contact the supplier.
- * This manual is subject to changes without further notice. Product functions depend on the goods. Please feel free to contact our official distributors if you have any question.

Warranty Agreement

- Warranty periods from the date of delivery: 5 years.
- Free repair or replacement services for quality problems are provided within warranty periods.

Warranty exclusions below:

- Beyond warranty periods.
- Any artificial damage caused by high voltage, overload, or improper operations.
- Products with severe physical damage.
- Damage caused by natural disasters and force majeure.
- Warranty labels and barcodes have been damaged.
- No any contract signed by LTECH.
- $1. \, Repair \, or \, replacement \, provided \, is \, the \, only \, remedy \, for \, customers. \, LTECH \, is \, not \, liable \, for \, any \, incidental \, or \, consequential \, damage \, unless \, it \, is \, within \, the \, law. \, and \, consequential \, damage \, unless \, it \, is \, within \, the \, law. \, and \, consequential \, damage \, unless \, it \, is \, within \, the \, law. \, and \, consequential \, damage \, unless \, it \, is \, within \, the \, law. \, and \, consequential \, damage \, unless \, it \, is \, within \, the \, law. \, and \, consequential \, damage \, unless \, it \, is \, within \, the \, law. \, and \, consequential \, damage \, unless \, it \, is \, within \, the \, law. \, and \, consequential \, damage \, unless \, it \, is \, within \, the \, law. \, and \, consequential \, damage \, unless \, it \, is \, within \, the \, law. \, and \, consequential \, damage \, unless \, it \, is \, within \, the \, law. \, and \, consequential \, damage \, unless \, it \, is \, unless \, and \, consequential \, damage \, and \, consequential \, and \, consequential \, and \, consequential \, and \, consequential \, and \, consequentia$
- 2. LTECH has the right to amend or adjust the terms of this warranty, and release in written form shall prevail.
